Sheç£— going downtown  
But she comes from uptown  
Where the brokers and the dealers socialise  
Sheç£— going downtown  
Cos sheç£— a poet  
And the Chinese bakeryç£— open all night

Toulouse Lautrec called up today  
Said itç£— Rock nç£!oll anyway  
Excuse me while Iç£Ž tearing off your head  
Epiphany just went to ground  
The three men just canç£~ be found  
The underground just shook it's weary head

She said sheç£— gonna show me around  
The Chinese bakery that's open  
Twenty hours

Sheç£— going downtown...

Got a roller coaster in my head  
You press the button - Iç£[]l eject  
Your present is just somebodys past  
Donç£~ blink, pinch me twice  
Just seen Bob Dylan on a motorbike  
I donç£~ think this relationship will last

She said sheç£— gonna show me around  
The Chinese bakery that's open  
Twenty hours  
Sheç£— going downtown...  
And the Chinese bakeryç£— open all night
