I am war machine!
I'm a cybernetic organism, living tissue over metal
endoskeleton
Neeaaahh!!!
You want to know who I am?
Do you know who programmed who?
I am a war machine
Killing people is what I do

[Chorus:]
I am a cybernetic organism
Living tissue over endoskeleton
I am a cybernetic organism
Living tissue over endoskeleton

[guitar solo]

I have been sent back, to protect you
My mission prerogative is to see this through
I am.. a war machine
Killing people is part of me

[Chorus]

I am I am
I am I am I am
I am a war machine
Don't try to change me
I am a war machine
You are the one who sent me [x2]

[Chorus]

I am a war machine [x3]
