You did not understand  
Let me rephrase the question  
Your comments are killing me  
Why won't you stop, talking  
Now from all this noise  
I have a headache  
I have a headache

[X2]  
You think it might be...  
Might be a tumor  
It's not a tumor  
It's not a tumor

Stop talking  
Stop talking  
It does not matter  
Who my daddy is  
I was asking you the question  
So just listen... listen... listen...  
Listen to me!  
It's not a tumor  
It's not a tumor  
It's not a tumor [x2]

Yeow!  
My daddy is not a fireman  
He is probably big  
But he's not a wrestler  
Yeow!  
He is definitely not a basketball coach  
But all these question give me a headache  
Now

[Guitar solo]

It's not a tumor  
0A  
It's not a tumor  
Yeow!
