New brat in town
New brat in town
Who's been found
Counting aloud- when there's a new brat
In town

Your precious things
Your precious dear
And a chat show host
Went and cut the throat
Of an off-shore engineer

Hey hey! yeah yeah!
Assumed a crucifix
Hey hey! yeah yeah!
You are the promper one

I'll give you half an hour, make a phone call
Pack a suitcase, break your fingers
Shut the door and don't be late
I give you half an hour
New brat in town - got the bully boys
Out and twenty pound of hate

She's an acrobatic kid
High-flyer as a child
Been eaten alive - time after time
You're doing fine
