For my bride  
Thought my life  
Would be right  
Took her bowling  
Got her high  
Got myself a showgirl bride  
Took a job on the side  
In a health shop  
Keeps me well  
Got my mantra for life  
Got my karma  
And a showgirl bride  
All my life  
All her life  
All our life  
I married a showgirl  
That's for life  
She can't work  
In the wintertime  
I can't work anytime now  
Go to libraries all the while  
Looking for a notice  
Looking for a name  
All my life  
All her life  
All our life  
I married a showgirl  
That's for life  
I took a showgirl  
For my bride  
Sprinkled stardust  
On my wife  
Took her bowling  
Got her high  
Got myself a showgirl bride  
Don't you recognize us?
