Chorus:

Like a bird flies, rising hi above the trees
it's about time to let your love run away with me,
but bring your heart.

Every body wants me to be what they want me to be.
Said it feels so good to have somebody who loves me
for me.
Said I am empty no more, love is hitting me right to the
core,
here to let you know I'm feeling you for sure,
sugar don't fret (don't do it, no).

Chorus

If there's a problem baby, I'll go out my way to try to fix
it.
Whenever you leave to go to work by, it's your love that
I'll be missing.
The kids to school fix your food; rub your back,
anything else that pleases you.
I want to be your special kind of fool.

Chorus

(Bring your heart to me)

You can bring your heart, joy, mind, body and soul
(bring it to me).
This loving won't stop; it's all that I got to have and to
hold.
Seven days a week, we gone keep it street, it's sweet.
I'll be loving you, baby through and through no matter
what you do, do, do.

Chorus

It's alright, it's Ok, let your love run away with me.
It's alright, it's Ok, let your heart run away with me.
It's alright, it's Ok, let your love run away, it's free.

Chorus

Nobody understands me better than you.
Everything I am and everything I ever hope to be?
