To the ball?
You wanna take me?
Ooh, alright

I feel like Cinderella, got me hopin', wishin'
Ballin', ballin', ballin'
Feelin' kinda mellow, my Prince Charming
Calling, calling, calling
Feel like Cinderella, you lucky, lucky fella
Falling, falling, falling for you

Heaven must be missing an angel for sure
'Cause I haven't felt for a long time this beautiful
Someone who is my fall, my spring, my summer and
my winter
My all and only one, my heart and every center

I feel like Cinderella, got me hopin', wishin'
Ballin', ballin', ballin'
Feelin' kinda mellow, my Prince Charming
Calling, calling, calling
Feel like Cinderella, you lucky, lucky fella
Falling, falling, falling for you
You get me head over heels for you

Clouds of rain and the sun
Water, stars and the moon
A zillion grains of sand
A timeless love in bloom

Tick tock, twelve o'clock
Watch yourself, babe I got your love on lock
Click my heels three times
You're the only thing on my mind
Happy to be a holiday
Here's our season to celebrate
We can get down any time
Any place, on any given day

I feel like Cinderella, got me hopin', wishin'
Ballin', ballin', ballin'
Feelin' kinda mellow, my Prince Charming

Calling, calling, calling
Feel like Cinderella, you lucky, lucky fella
Falling, falling, falling for you
You got me, boy you know you got me

Unspeakable joy is what you bring to me
I can't get enough
Showin' me how to dream again
Now I believe, I believe in love

I feel like Cinderella, got me hopin', wishin'
Ballin', ballin', ballin'
Feelin' kinda mellow, my Prince Charming
Calling, calling, calling
Feel like Cinderella, you lucky, lucky fella
Falling, falling, falling for you

I feel like Cinderella, got me hopin', wishin'
Ballin', ballin', ballin'
Feelin' kinda mellow, my Prince Charming
Calling, calling, calling
Feel like Cinderella, you lucky, lucky fella
Falling, falling, falling for you

I feel like Cinderella
