Baby, I'm thanking you

Looking back on when I started
Had a lot of sun and a lot of rain
I've had some joy and broken heartache
But now that doesn't mean a thing

I'm living for the joy and laughter
Longing for my before's and after's
All in all, it's been cool
And there's nothing I wouldn't do

I'm so happy being me
So happy being me, I'm regretting nothing 'bout me
Too busy living life, living love freely
So happy being me

Stop reaching back for your beginnings
All those broken dreams that went down stream
As we grow, live and know
Somethings were never meant to be

Just like people, they come and go
Some will live forever and some will never know
That's why God gives us memories
To lead us to our victories, I'm so happy loving me
So happy being me
I'm regretting nothing 'bout me
Too busy living life, living love freely
So happy being me

All though hidden treasures
Feel little a pleasure
We could never replace this love
We can't no, we can't no

The sunlight leads us to a place
And the moonlight keeps us in his grace
I'm so happy, happy being me

So happy being me, I'm regretting nothing 'bout me
Too busy living life, living love freely

So happy being me

So happy being me, I'm regretting nothing 'bout me
Too busy living life, living love freely
So happy being me

So happy being me, I'm regretting nothing 'bout me
Too busy living life, living love freely
So happy being me
