[Intro]

I don't know why I do this
But it feels so good
It's all about the Stone
Stone cold, check it

Love junkie, so damn funkey
Stone cold monkey
I can't get off my back

Love junkie, so damn funkey
Stone cold monkey
Hard to shake off my back

Love junkie, so damn funkey
Stone cold monkey
I can't get off my back

Love junkie, stone cold monkey

Here we go
I don't know what to do
When I get up on you, babe
I get a natural high
One look in your eye, yeah
I think you better chill
'cause loving you makes me ill
So baby, proceed with me
'cause you got me weak in my knees

Love junkie, so damn funkey
Stone cold monkey
I can't get off my back

Love junkie, so damn funkey
Stone cold monkey
Hard to shake off my back

Love junkie, so damn funkey
Stone cold monkey
I can't get off my back

Love junkie, stone cold monkey

Baby, you can't let go
'cause you make me scream for more
You measure up inside
You're over qualified, babe
Sweetest morning dew
Can't wait to get next to you
Damn, I just saw in your head
Something I just don't wanna miss, oh

Love junkie, so damn funkey
Stone cold monkey
I can't get off my back

Love junkie, so damn funkey
Stone cold monkey
Hard to shake off my back

Love junkie, so damn funkey
Stone cold monkey
I can't get off my back

Love junkie, stone cold monkey

I get high, high, high, so high
I get high, high, high, so high
I get high, high, high, so high
I get high, high, high

'cause I'm a

Love junkie, so damn funkey
Stone cold monkey
I can't get off my back

Love junkie, so damn funkey
Stone cold monkey
Hard to shake off my back

Love junkie, so damn funkey
Stone cold monkey
I can't get off my back

Love junkie, stone cold monkey
