Oh oh.. sometimes

The way I
love too much and I
give too much and ya
take so much
til I
ain't got nothin'
And your energy
how it weighs on me
steady
drainin' me
until I'm empty
Wantin' better days
and all your crazy ways
am I lovin' you in vain? Somebody to help me
I don't need negativity
I just need some clarity (sometimes I wanna love you)
ooh ooh ooh

Sometimes
I wanna hate you
sometimes I wanna
grab you and pull you close and tell you I love you then
push you away
oh oh oh boy
I wanna
love you
and sometimes I wanna
fight you
and God knows that it ain't
right to
I tell you I'm leavin' and then I say
oh oh sometimes

Now I give my all
every time you fall
I'm right there whenever you need me
That's when I'm
positive
you're insensitive
and just

knowing this
I'm uneasy
Don't appreciate
sacrifice I made
money that
I threw away
not a dime on me
but all I see
is negativity
I think I'm getting clarity

Am I asking too much?
When I need for you to hold me just to make me feel
better
Am I asking too much?
When I'm asking for the little things you do to bring me
laughter
Am I asking too much?
I can't wait another minute
'cause I'm runnin' on empty
When I long for your touch
your touch, your touch, your touch, your touch
(sometimes I wanna love you)

Sometimes I wanna
hate you
sometimes I wanna
grab you and pull you close and tell you I love you then
push you away
oh oh oh boy I wanna
love you
and sometimes I wanna
fight you (I wanna fight ya right now ...oh oh oh oh oh... I
wanna make ya leave)
and God knows that it ain't
right to
I tell you I'm leavin' and then I say
oh oh sometimes

Make you leave... Far to believe...
I wanna stretch my arms and I fall to my knees that's
when the heavens open up and pour a blessing on
me.... Sometimes sometimes oh you make me so mad
sometimes I wanna love you I wanna love you

Sometimes I wanna hate you, sometimes I wanna grab
you and pull you close and tell you I love you then push
you away, oh oh oh boy I wanna love you, sometimes I
wanna fight (fight ya right now) you and God knows
that it ain't right to I tell you one minute and then I say
oh oh sometimes
