A man came to power with evil in his eyes his hatred for  
a people he vowed to see die  
He locked them up forever but not in a cell, no he put  
these people in a living hell  
Sealed off a section and threw them in, like throwing  
Christians in the lion's den  
The smell of death lingers all around, the smell of  
death from bodies on the ground

City of the dead, people left to die  
Warsaw no more, why?

Forced to live behind a wall beaten and abused  
Forced to live in filth wrongly accused  
Bound together given no choice  
Forced to live like animals given no voice  
Heavily armed guards were placed in control  
Making sure the people stayed in their hell hole  
People pass their loved ones by on the street  
Their love ones now decayed and rotting meat

City of the dead, people left to die  
Warsaw no more, why?

Death is no stranger  
It rears it 's ugly head  
Death is no stranger (stranger)  
Just count all their dead

{As a part of humanity we are to blame for we knew  
what was happening yet we did nothing to stop it}

A man came to power with evil in his eyes a hatred for  
a people he vowed to see die  
He locked them up forever but not in a cell, no he put  
these people in a living hell  
Sealed off a section and threw them in, like throwing  
Christians in the lion's den  
The smell of death lingers all around, the smell of  
death from bodies on the ground

City of the dead, people left to die  
Warsaw no more, why?
