Molly likes her handjobs
And Toby's just a fat slob

They get drunk all day
And fuck their world away
Just like we did

Well Toby preaches kindness
Well Molly's just his mattress

They smoke out all night
To try and to make things right
That's what she said

That's what she said, oh
That's what she said, oh
That's what she said

That's what she said, oh
That's what she said, oh
That's what she said
Denise don't like needles
When she's face down in the street

But that's the way it goes
When you've sold you're soul
Can't fight your demons

When you waste your life
And now you're out of time
That's what she said

That's what she said, oh
That's what she said, oh
That's what she said

That's what she said, oh
That's what she said, oh

That's what she said (x5)
