Driving through the city,
a blackened ghetto is all you see
Direct result of permitting
the niggers to run free

They destroy their own community
and they shoot each other down
Abandoned homes are torched to ashes
Inner Zulu tribal clashes

Chorus:
Browntown burning down
Cities getting sacked, it's coming down
Browntown burning down

Negro in flames rolling on the ground

No longer welcome in our cities 'cause you'll get beat
Extreme White racial violence!
Is what the darkies can expect to meet

Driving through the city,
a blackened ghetto is all you see
Direct result of permitting
the niggers to run free

Chorus
