Verse 1

It's the treasure you risked it all for
Gave you the courage to open any door
Made you feel you were flying to the sun
But it hexed your heart and left you so undone

Chorus Â½

Lovely World
Love in the eyes of a girl

Verse 2

Passion flared and burned when you held it
Gazed inside you should a' done all you could to keep
it
To have those moments back to feel the power it gave
And now you've lost her favor and wonder can you be
saved

Chorus

Lovely World
Love in the eyes of a Girl
Lonely World
Love lost in the eyes of a girl

Bridge

Can you make her love you again can you make her
care
Drop the pride you've got left get lost in her stare

Chorus

Lovely world, the eyes of a girl, the eyes of a girl
