"Hangin' Around"

I am hanging around
And checking my phone
And thinking of you

I am pushing on buttons
'cos I'll be
Loving you from afar

Oh, I know it's silly
I know I'm stupid
That I am a fool

That I am
Just thinking aloud
And serving my purpose
And following my desire

Two strokes, and then I am there
I am on a cloud
Flying to where you are

The first time I looked at you
My heart fell upon the ground
And ate my sadness greedily
And brightened up my world

Oh, I know it's silly
I know I'm stupid
That I am a fool

I am hanging around
And checking my phone
And thinking of you
