I won't stop loving you  
I won't stop loving you  
As the sea falls, watch the moon rise  
I won't be around when I'm old  
But that won't stop me from loving you

I won't stop loving you  
Cos you give me all your love  
As the moon falls, we watch it fall into the sea  
And then the day grows cold  
But that won't stop me from loving you  
I write this song for you  
Cos you let me into your heart of hearts  
You take, I give, you give ,I take  
No I won't let this one be a mistake

I won't stop loving you  
I won't stop loving you  
As the sea falls, watch the moon rise  
I won't be around when I'm old  
But that won't stop me from loving you
