"Mother"

Visit "[Mother](#)" on MotoLyrics.com

She prayed on my soul
She cried for money by the wishing well
But some things are hard

Father gave me
No more of his heart
Though I'll sleep on it today
If you find me don't give me away

Mother, mother, we're holding each other
I love you, I love you
You gave me life you cared for me

So strange singing in the street
You'd think someone would hold my hand
Money means nothing
It will stain her, she will bleed from it
Oh I'll sleep on it today, if you find me don't give me
away

Mother, mother
We're holding each other
I love you, I love you
You gave me life you cared for me
Mother, mother
There'll be no other
I love you, I love you
You gave me life you cared for me
