And I cried  
Coz you made me  
Die  
But it will warm me up  
If you kiss me goodbye

There's a bottle on the table  
Rub it well  
Could you love me  
Or will time tell  
You light up my face  
Everytime you smile

Oh, oh, oh  
Have your way with me, baby  
Wade through the waters  
And drown me good  
Keep all the fires  
Burning for me, honey  
Coz you've taken my heart and laid it in the earth

There's a good looking fellow  
He wants me  
But I should know better  
Than to please  
Coz if we get too close  
He'll see what I want really

And my heart keeps telling me  
To run fast  
To get away from you  
And our past  
But it would be the end of me  
I know that I would not last

Oh, oh, oh  
Have your way with me, baby  
Wade through the waters  
And drown me good  
Keep all the fires  
Burning for me, honey

Coz you've taken my heart and laid it in the earth

The sun shines all out of  
You  
Why does love make me feel like  
Such a  
Fool

Let the good years show me  
To slow down  
To look before I love  
In this town

Oh, oh, oh  
Have your way with me, baby  
Wade through the waters  
And drown me good  
Keep all the fires  
Burning for me, honey  
Coz you've taken my heart and laid it in the earth
