I'm getting lost in your curls
I'm drawing pictures on your skin
So soft it twirls
I like your looks when you get mean
I know I shouldn't say so but
When you claw me like a cat, I'm beaming
I like the way you squeeze my hand
Pulling me into another dream,
A lucid dream.

I'm getting lost in your curls
I'm getting crushed out on the things
That only I should see
Not for boys, they're just for me

Hurry to talk, from far away
I can see you,
you curl your fist and you pull your hair

When were alone I wanna say
"Let's just stay in,
no ones here in our apartment babe"

Put on the dress that I like
It makes me so crazy, though I can't say why
Keep on your stockings for a while
Some kind of magic in the way you're lying there

I'm getting lost in your curls
I'm getting pushed back on a whim
Our breaths get wind
Back to the time when we were green

I know we have changed, but I still
grin, cause i can't wait to see you
Back to the time I touched your hair
I was so scared to look that mean
I think it's weird.

I'm getting lost in your curls
I'm getting crushed out on the things
That only I should see

They're not for boys, they're just for me

Girl, you can talk from far away
It's so hard for me
Only to get the urge to kiss you there
When we're alone, I wanna say
Let's just stay in, no one's here in our apartment babe

Put on the dress that I like
It makes me so crazy, though I can't say why
Keep on your stockings for a while
Some kind of magic in the way you're lying there

Put on the dress that I like
It makes me so crazy, though I can't say why
Keep on your stockings for a while
Some kind of magic in the way you talk about your
Blue eye shadow
It's exactly blue though
I refuse to call it anything but your blue
