I've gotta big big big heart beat yeah

I think you are the sweetest thing

I wear a coat of feelings and they are loud

But I've been having good days,

Think we are the right age

To start our own peculiar ways? (do do do do do do)

With good friendly homes (do do do do do do)

You get me freaked freaked freaked on preakness

I've never met a girl that likes to drink with horses

And knows her Chinese ballet

I must admit you smell like fruity nuts and good grains

But could you show my purple gaze (do do do do do do do)

A thing or two at night? (do do do do do do do)

It'd make me sick sick sick to kiss you

And I think that I would vomit

But I'll do that on Mondays I don't have a work way

I like it when I bump you

And an accident's a truth gate

I'm humbled in your pretty lens (do do do do do do do)

I'll hold you don't you go (do do do do do do do)

Sometimes your quiet and sometimes I'm quiet
(hallelujah)

Sometimes I'm talkative and sometimes your not
talkative I know

Well I'd like to spread your perfume around the old
apartment

Could we live together and agree on the same wares

A trapeze is a bird cage even if it's empty

It definitely fits the room (do do do do do do)

And we would too (do do do do do do)

Ada gig gig gig hernana! I talk too much without you,

Their ears are getting tired of me singing all the night
through

Let's just talk together, you and me and me you

And if there's nothing much to say (do do do do do do)

Silence is a bore (do do do do do do)

I've gotta big big big heart beat yeah

I think you are the sweetest thing

I wear a coat of feelings and they are loud

But I've been having good days,

Think we are the right age

To start our own peculiar ways? (do do do do do do)

With good friendly homes (do do do do do do)

Sometimes your quiet and sometimes I'm quiet
(hallelujah)

Sometimes I'm talkative and sometimes your not
talkative I know

Sometimes you hear me when others they can't hear
me (hallelujah)

Sometimes I'm naked and thank god sometimes your
naked well hello

[Can I tell you that you are the purple in me

Can I call you just to hear you would you care?

When I saw you put your purple finger on me

There's a feeling in your bottle

Found your bottle found your heart

Gives a feeling from your bottled little part] x2

(Instrumental)

Gotta crush high thought I crushed all I could

Crushed all I can then I touched your hand

Crush high don't want it to stop

Cause stories of your brother make my crush high bop

And you couldn't really know cause it's in my toes

And sometimes I wonder where'd that crush high go

Crush high then I go and take some pills

Cause I can't do all of my dose and still feel I'll

You get that whoooooo! (x7) you get that

You get that crush high thought I crushed all I could

Crushed all I can then I touched your hand

Crush high don't want it to stop

Cause stories of your brother make my crush high bop

And you couldn't really know cause it's in my toes

And sometimes I wonder where'd that crush high go

Crush high then I go and take some pills

Cause I can't do all of my dose and still feel I'll

You get that whoooooo! (x7) you get that

You get that crush high thought I crushed all I could

Crushed all I can then I touched your hand

Crush high don't want it to stop

Cause stories of your brother make my crush high bop

And you couldn't really know cause it's in my toes

And sometimes I wonder where'd that crush high go

Crush high then I go and take some pills

Cause I can't do all of my dose and still feel I'll

You get that whoooooo! (x15) you get that
