If I could take my eyes away, might not get so dry now  
If I could keep my hands away, might not feel so dry  
out  
And when I would feel I'd know that it was real

I'd like to stay with natural things organic as my skin  
that peels  
And not so often enter in to outer space that I can never  
Touch, backlit and bite  
Fields in a mine to turn it off and to make sure  
I keep it real with myself and never let obsessions  
with connections to an outside source  
Be crippling my abilities to breathe and take a step  
out from my usual places.

Just to make sure I keep it real with my own and never  
let a tendency to tread in water with no target  
Cripple my abilities to ...

Deal with things that scream be careful  
Being screens with me behind it  
No one's between what I should  
And why am I seeing how to do it?  
[and singing at the same time]  
Why am I seeing screens, why am I  
seeing screens, why am I seeing

I feel frail whenever I'm lost in so many screens that I  
am seeing  
Screens appear behind my eyes  
But I feel frail whenever I'm lost in so many screens  
that I am seeing  
Screens appear behind my eyes  
But I feel frail whenever I'm lost in so many screens  
that I am seeing  
Screens appear behind my eyes

Why am I seeing screens ? Why am I before screens?  
Why am I seeing screens ? Why am I before screens?  
Why am I seeing screens ? Why am I before screens?
