Should I tell you where I wanna be?  
At the Sleeping Factory  
Where people sleep in tidy rows  
They're sleeping on their fronts and on their toes

Should I tell you where I wanna go?  
To a sleepy undertow  
Drifting away off in the deep  
I wish there was a place I'd like to sleep

Should I tell you what I wanna do?  
Find a bed and sleep with you  
'Cause two can sleep, much more than one  
And sleepin' with another's so much fun

And if we're gone, then leave us be  
We're at the sleeping factory  
And we'll be back in a week  
They'll find us by the lake or by the creek

Dog of height in the trees  
Won't you come down doggy  
Such a sweet doggy  
I brought you your dinner  
My doggy I miss you kissing from my palm  
I remember when I first got you doggy

But you lay there so still doggy  
You lay there  
So still

Dog who fell to the ground  
Twisted your neck doggy  
Don't look right doggy  
The vet came with sutures  
He said "Dave  
Hey the doctor cannot save your dog"

But I remember when I first got you dog

You lay there so still dog

You lay there so still

Dog of depth in the dirt  
They buried you deep doggy  
You're the best doggy  
My friend has a doggy  
She's real nice dog  
I wish you could chase her round my yard

I remember when I first got you dog  
Sweet doggy

But you lay there so still doggy  
You lay there so still
