Oh no, it's night time  
Makes me sad.  
Whaddit I done in the daytime?  
Where am I out in the night time?

Going crazy  
At the funny ball  
They are dancing  
At the wrong mall  
With the right girl  
And the low and mine  
And they left the stall

And it's daytime  
Ease and let me in  
I love when we come  
And it's good so  
And it cures stress too  
And it blows your mind  
It's a neat time  
Any wish now  
We've got free hands  
Go and need hands  
Is where we were  
Out takin' these times

It's a good day  
For a new call  
Where we come to say  
That I need ya  
And I need ya  
When I need ya  
And I need ya  
When we need ya  
Do I need ya  
Yeah I need ya  
Do I need ya
