I love this life at winter time  
theres frost cakes in the carpet  
in winter time i have no legs two stumps of meat below  
me  
a false snow fall could ruin my day its mask hung from  
the street wire  
and winters love where could she be..shes warming in  
my pocket  
Just a calm and modern day  
In early, early morning  
Rush to her and rush to bed  
Am I a better person?

It evens in, my warmth give her  
The frost was heaven sent  
I pulled the boy out of the box  
And made that boy a man
