Though it's been years  
Since we've been together  
And I've been in love  
Many times since then  
An ember inside  
Seems to burn forever  
Yes you would think I'm crazy  
If I could ever tell you  
Sometimes at night  
You're in my dreams

I still feel for you  
( After all this time )  
I still feel for you  
( I can't deny it )  
I still feel for you

I've lived through your failures  
And your successes

I've seen every trial  
That you've long endured  
When I was young  
I made foolish guesses  
I thought the perfect lover  
Was somewhere waiting for me  
I should've  
Stayed right in your arms

I still feel for you  
( After all this time )  
I still feel for you  
( I can't deny it )  
I still feel for you

There's no one to replace you  
Maybe that's why  
Maybe why I'm lookin' back  
And if I found someone to  
Would I keep on  
Would I keep on lookin' back  
I've got no regrets

And forget

I still feel for you  
( After all this time )  
I still feel for you  
( I can't deny it )  
I still feel for you
