When you're down , my baby  
I'm falling down with you  
Maybe it looks like I don't care  
But that's not true  
And when your heart is bleeding  
I know it's my fault  
I take all the blame on me  
Though it doesn't show

There is a killer in me  
Hidden beneath my smile  
She makes me wanna hurt you, baby  
She makes me tell you lies  
Heaven knows why  
I don't know why

We're not so long together  
But we travelled so far  
I know I haven't been there for you  
More then once or twice  
And when I see you crying  
It's not that I don't care  
I always wait with saying "sorry"

Till it gets too late

There is a child in me  
Hidden behind my eyes  
Hiding in his loneliness  
No matter how hard I try  
Heaven knows why  
I don't know why

When you're down , my baby  
I'm falling down with you  
You say it looks like I don't care  
But it's not true  
Maybe my love isn't golden  
But surely is real  
And I could day today, right now  
For what I feel

There's always you in me  
Hidden deep in my heart  
You make me wanna sing for you  
For you I wrote these lines  
Heaven knows why  
I don't know why  
Heaven knows why  
I don't know why
