I sure like to be

A good human being

But these hands are not mine

These hands are not mine

I think about you

I am worried about me

I ask about them

They only wait when

So mister big shoe

Order your car

Fast man fast

Go really far, go really far

Here in the jungle

It's getting dark

Bone bone baby

Take care of your heart

So I loaded my gun

This will be fun

I only wait the sun

Then I gotta run

So mister big shoe

Order your man

To leave my land

As long as they can , as long as they can

Now you never know the end of the show

But if I ever got a chance, I surely come back
