My pa loves my ma

And she likes him too

Your pa loves my ma and we love her too

I love you

And you like me too

So why don't we all go to bed

Together we have mure fun

Everbody loves each other

Please tell this to your mother

Why you always tell me no, Im alone

Your brother calls my sister

That little one

Your father is in love

With your aunt louise

And my grandpa sam

Loves my little sister

Like we all do

What shall we do

So why don't we all go to bed

Together we have more fun

Everbody loves each other

No one will be sad
Your folk said me no
Aunt louise ou vou wou
What my people said
They said you can go
Yes I understand
Your hard situation
But I never turn my back
Turn my back on you
Now Im lying alone
In my big bed
Now Im lying alone
In my big bed
