I never said that I love you
I never said that I will
I never said that I need you
I only know that I would

I never send you any money
I never said that I can
I never said oo my honey
I never said never said so

When kerstin danced I fell
I went to see the lord

I never said lets make a party
I never said that we should
I never said I wear my body
Just because of you

I never said why I was shaking
I only know it was true
I never said nearly nothing
I never said I never said so

When kerstin danced I fell
I went to see the lord

I never said that I love you...
... I know that Im loose
