Last night groove  
Rumble for me too  
Drinking morning tea  
Taste so mean  
Oo my head, oo my head  
Oo I gotta move, oo I gotta move

24 years, all ready scared  
Scared to go on, don't want to say; I don't  
Well, it's a part of me  
Its a part of you  
Its a part of everyone you see

Dance franny dance  
While you gotta a chance  
Waste your time, don't waste mine  
Oo my head, oo my head  
Oo I gotta move, oo I gotta move

Drinking all alone  
Drinking alcohol  
Like many times before  
Drinking all alone  
I feel alright, I feel so fine  
Im gonna feel alright, Im gonna feel alright

I gotta, I gotta, I gotta move  
I gotta, I gotta, I gotta move  
I wanna, I wanna, I wanna move  
I need to, I need to, I need to move

I wanna move, I wanna move, I wanna move...
