Going back to the sad lake city
To pay a visit to the dead and their city
Going back to the sad lake city
It was never meant to be mean city
Going back to the sad lake city
Endless sunday with suicide jimmy
Going back to the sad lake city
Get along with shot-gun sammy
Going back to the sad lake city
See the places ,me and my kitty
Going back to the sad lake city
Gonna roam, gonna roam, gonna roam
Going back to the sad lake city
They took away grandma?s telly
Going back to sad lake city
Going back to sad lake city
Going back to the sad lake city
See the places ,me and my kitty
Going back to the sad lake city
It was never meant to be mean city
