Boy, all I see, is you and me  
And all I do, is think of you

Yo, I remember when we met the whole scene was set  
Backstage rockin' black shades  
Told you not to be afraid  
We touched and when your smile turned to a blush  
[Incomprehensible]  
I had to get to know your name

Then I got your number  
17 and under, maybe just a little younger  
Had to get to know you, 'cause there's things I wanna  
show you  
Forget them other brothers they know lines that they  
told you

Now your acting all shy, hmm I wonder why  
Everytime I looked at you, you turned and drop your  
eye  
We faced, began to lace you up with lines  
Fragrance by Ann Klein had me losing my mind

With your zodiac sign, my perfect match, in fact  
I'm compatible with anything from Mio to Ash  
Now it's all about us we're hooked like drugs  
I'm on my way to being a thug, show me love

Boy all I see, is you and me  
And all I do is, think of you  
Give me the chance to know your name  
I'll never turn and walk away

I can't get you out of my mind  
I'd be lying if I said I wasn't hooked after just one look  
Yeah see you at the mall with your mom looking all  
flashy  
Poppin' out of a taxi, met eues when you passed me

Been inside of my head all day, what can I say?  
All I can do is reminicse like Mary J  
I want to get with you

So come and get with me  
We'll be K-I-S-S-I-N-G and all that good stuff

Calling you bluff, now look at us  
Just met and already talkin' 'bout trust  
All the things we did, how we planned to live  
How you got rid me of that kid, who use to call you crib  
Shut it down

Now look what you found a state of dawn  
You da bomb, plus you got props from my mom  
Now it's all about us we're hooked like drugs  
I'm on my way to being a thug, show me love

I can't get you out of my mind  
Think about you all of the time  
Wanna get to know you baby, oh

I'm glad I made my move  
I'm glad I stepped to you  
Enough respect that my whole crew accepted you  
Even my ex called you 'cause she wasn't insecure  
Feeling got a little hurt but was being mature

Gave her blessings that she learned some valuable  
lessons  
Now she use me as her reference  
She's my best friend  
Don't even stress, 'cause all I see is you and me  
Like Latifah you're Queen, let's bring some unity

Ain't no reason to fight, you know we're keeping it tight  
Whether walking or holding hands or sharing seats on  
the bike  
Always on my mind with your Gucci design  
Feel free to drop a line, yeah that would suit me fine

It's all about you boo, and all the things you do  
Making dreams come true, buying rings for two  
Now it's just be you we're hooked like drugs  
I'm on my way to being a thug, show me love

Boy all I see, is you and me  
And all I do, is think of you  
Give me the chance to know your name  
I'll never turn and walk away

Boy all I see, is you and me  
And all I do, is think of you  
Give me the chance to know your name  
I'll never turn and walk away

Boy all I see, is you and me  
And all I do, is think of you  
Give me the chance to know your name  
I'll never turn and walk away
