Met a man who said he's got a villa down in Africa  
I asked him what he's doing here, the weather sucks,  
What's wrong with ya?

He said he's got a gun, and that he's on the run  
He used to have a life but it went wrong

Girlfriend's in a coma  
He's promised to look after her  
He's written to her favourite bands  
He's hoping for Metallica

It all looks pretty grim  
He wishes it were him  
He used to have a life but it went wrong

And he said  
Hey, what you living for?  
Hey, what you looking for?  
I'm not gonna take it any more  
Is anybody there? Is anybody out?  
Is anybody up? Is anybody down?

I don't think I can take it any more  
I don't think I can take it any more

She's cruising in her wheelchair  
She's dressed up like a Mexican  
She's holding up the traffic  
And there's gonna be an accident

I bet she lives alone  
Is anybody home?  
She used to have a life but it went wrong

And she says  
Hey, what you living for?  
Hey, what you learning for?  
I'm not gonna take it any more  
Is anybody there? Is anybody out?  
Is anybody up? Is anybody down?

I don't think I can take it any more  
I don't think I can take it any more

Hey, what you living for?  
Hey, what you looking for?  
I'm not gonna take it any more  
Is anybody there? Is anybody out?  
Is anybody up? Is anybody down?

I don't think I can take it any more  
I don't think I can take it any more
