[screaming]
Tell us how to keep it real
Tell us how to live our life
Got to keep the faith
I know that I'm not right all the time
Yeah we got to take our stand
Got the whole world in our hands
They're the children of tomorrow
Yeah, don't make me laugh
[screaming]
Tell us how to keep it real
Tell us how to live our life
Got to keep the faith
I know that I'm not right all the time
Yeah we got to take our stand
Got the whole world in our hands
They're the children of tomorrow
Yeah, don't make me laugh
Down with the pop stars
She knows best
She's gotta do more
She knows the rest
Down with the pop stars
She knows best
She's gotta do more
She knows the rest
Tell us how to keep it real
Tell us how to live our life
Got to keep the faith
I know that I'm not right all the time
Yeah we got to take our stand
Got the whole world in our hands
They're the children of tomorrow
Tell us how to keep it real
Tell us how to live our life
Got to keep the faith
I know that I'm not right all the time
Yeah we got to take our stand
Got the whole world in our hands
We're the children of tomorrow
