Anyone is anyone  
Coulda been a number one  
You're better off at tickin' off the competition  
It's funny how you never tell  
Folks are down your doing well  
You're better off to cord it off the competition  
Second place is not the way  
You never check, you never gave  
You'll never tie another race  
It's not a competition  
It's not the takin' part that counts  
But taking on the large amounts  
You can't run out of ticket touts  
Competition  
Hey yeah it's all about the rock

I'm missing that old photograph  
Remember when we used to laugh  
Kills you when you're looking back  
It's not a competition  
Awarded in the magazines  
And everybody needs a dream  
I think i know what's wrong with me  
I'm in the competition  
Hey yeah it's all about the rock

[Instrumental break]

Hey yeah it's all about the rock
