There's an angel on the corner
and they say she's watching over
over when we are under
fall asleep on the ground

[Pre chorus:]

hey
can you feel it calling your name
like a storm on a bone in the rain
the pain now going you're not around

[Chorus:]

wide awake for the night again
awake for the night again
hanging on the phone i can't wait a minute longer
gonna teach you the art of making sense

i gotta rock another city
i gotta break another country
i'm gonna kick it til i'm 50
or i'm deep in the ground

[Pre chorus:]

hey
not another bone for the pain
i'm never drinking again
it don't make sense when you're not around

[Chorus:]

wide awake for the night again
awake for the night again
hanging on the phone i can't wait a minute longer
gonna teach you the art of making sense

[Solo]

there's a devil on the road [x3]

[Pre chorus:]

I can feel it call your name
The feeling that's keeping me sane

Wide awake when you're not around

[Chorus:]

wide awake for the night again

awake for the night again

hanging on the phone i can't wait a minute longer

gonna teach you the art of making sense
