callin out your enemies  
call out your  
callin out your enemies

call it a melt down  
call it the next phase  
call out  
callin out your enemies  
who knows whats really going on here  
oh were the new generation

when we speak  
its ignorance to your ears  
pay us no mind  
what we could possibly know

call it a melt down  
call it the next phase  
call out  
callin out your enemies

station in the back of my mind  
there lies total desecration  
For your percieved  
your judgement of mind  
sit tight, prolonged humiliation

what you see, aint always what you get  
judge you, before you start breathing down my neck  
your right, with everything that you brought  
self righteous, hypocritical ignorance

ive questioned answers for so long  
and ive questioned answers till im gone

whoaaa hoooooooooooo

call it a melt down  
call it the next phase  
call out  
callin out your enemies

who knows whats really  
going on here  
oh were the new generation

when we speak  
its ignorance to your ears  
pay us  
no mind what we could possibly know

call it a melt down  
call it the next phase  
call out  
callin out your enemies

ive questioned answers for so long  
and ive questioned answers till im gone

ive been fighting my whole life  
will never change my tone  
ive been screaming all this time  
believe these words are soul

and nothing will hold me down  
with this truth be told  
no man will hold me down  
with this truth be told

think were pretty slick there  
with each emotion absolute  
think no one takes notice  
sneaky, sneaky are weeee

think you got a trick up your sleeve  
so why don't you go ahead and play it  
you thinkif you got something to say  
well come out and say it

ive questioned answers for so long  
and ive questioned answers till im gone

ive been fighting my whole life  
will never change my tone  
ive been screaming all this time  
believe these words are soul

and no man will hold me down  
with this truth be told  
no man will hold me down  
with this truth be told

do you hear what i hear

do you see what i see  
do you know what i know  
whats really going on here  
do you see what i see  
do you know what i know  
do you hear what i hear  
what is really going on here
