Yeah you judge me  
For god knows what now  
Always bitching, always moaning  
And trying to bring me down  
But, I can't be bothered  
By all the things you say  
So shut your fucking mouth  
And pass that 40 my way!  
One way there's no way  
You inconsiderate prick  
You never see me, believe me  
You're making me sick  
Society will judge us  
But I don't give a fuck  
They're always handing us their shit  
That always turns up bad luck  
Just leave us alone  
You always tried to be on top  
And this you have shown  
Right in my face, just like you intended to  
Then pushed them right in my face, like intentions do  
Open Eyes, the stories inside  
Burning bridges so the past we hide  
You try to keep an open mind,  
It closes on you  
Well can't you see, what you've got to do?  
Now listen, why not try and understand  
That which made no sense to you  
Made no more sense to the man  
I guess that is why opinions run such amuck  
But hey, if you're asking me, I don't give a fuck  
So that's why, we try, to turn right away?  
You're running down that dirt road the road of today  
Passing everyone, I guess that's just how it goes  
Faster, hoping nobody knows!  
You live your life, and set mine aside  
You never tried  
Well now it's time to see, you're you, not me  
Realize!  
Well now you're down on your luck  
You're never going to be  
It's time for you to realize, it isn't you it's me

Just live how you live, as all the day's pass you by  
But, don't you try and tell me how  
When all you do is lie  
Conforming to you?  
Oh give me a fucking break  
Just take a look at you my friend  
You're just another fake  
And no I'll never listen, to what you have to say  
It's going to be my life, till my dying day!  
Open eyes, the stories inside  
Burning bridges so the past we hide  
You try to keep an open mind it closes on you  
Well can't you see, what you've got to do yeah  
Open eyes, the stories inside  
All of your rules, you're punkin' all of your lies  
Just leave me alone, for me to decide  
All I'm asking of you is just open your eyes!  
Open your eyes!  
Open your eyes!  
Open your eyes!
