Here we go  
Think about the promises that kept you walking  
wandering in time  
Whoa!  
Don't you know they kept you walking kept you wanting  
kept you walking everybody!  
Here we go  
Think about the promises that kept you walking  
wandering in time  
Whoa!  
Don't you know they kept you walking kept you wanting  
kept u walking wondering in time  
yeah  
I keep on thinking the same old thing, but then again  
what can I say?  
I keep on trying to live my life, I keep trying to find a  
better way!  
Well as everyday goes by I'll try, but I don't know if I'll  
make it through  
But I'll move along and push on until I do  
Because everything that you'd tried to build in time  
Well that's everything you'd tried to hide  
Well that's everything that you want to believe  
Your motivation puts you where you'll be  
What a way, don't waste away in time!  
Here we go  
Think about the promises that kept you walking  
wandering in time  
Whoa!  
Don't you know they kept you walking kept you wanting  
kept u walking wondering in time  
yeah  
Well I'm seeing through the eyes of a modern man that  
I don't know  
Should I try to find? Could I buy the time? I don't know  
Well stand together, we will forever, gotta bet we'll be  
okay  
Wide-eyed reminisce, what a blissful good ol' days  
So here we go, through eyes that I don't know  
Will we move along? Time will only show,  
because it's everything that you want to believe

A revelation, find a way to see all those memories are  
not put up on the side!  
Here we go  
Think about the promises that kept you walking  
wandering in time  
Whoa!  
Don't you know they kept you walking kept you wanting  
kept u walking wondering in...  
hey!  
When you look around the world and the scenes,  
all the means, little things, what it means to you  
When suddenly, no warning to mourning,  
what you think takes a total different point of view  
What it means, little things, all the means,  
world scenes turn around and take a look at you  
You never know when you go, live it up here we go!  
Got a lot more living to do! Hey!  
You don't face tomorrow what a way to waste away in  
life  
You're taking for granted all the little things you'd  
never realized  
Well I'm 21 today, how many more? How should I  
know?  
Counting down the days here we go!  
Because everything that you tried to build in time  
Well that's everything you tried to hide!  
Well that's everything that you want to believe  
Your motivation puts you where you'll be  
What a way, don't waste away in time!  
Here we go  
Think about the promises that kept you walking  
wandering in time  
Whoa!  
Don't you know they kept you walking kept you wanting  
kept u walking wondering in time  
here we go woa...  
Everything you tried to build in time!
