Ooh, ooh, ooh, ooh, ooh, ooh

Ooh, ooh, ooh, ooh, ooh, ooh

Ooh, ooh, ooh

Verse 1: [LaTavia]

You tryna play me like some dumb ho

I don't look the least be worryin', though

Everytime my girls see you out at night

They say that you been actin' like

That cheater didn't want me no more

When I kinda knew that you were thinkin' that way

'Cause every chance you get you're spittin' salt on my
name

Just 'cause I ain't like what you was workin' with

Don't take it personal, I just had to upgrade

Bridge: [Anjel]

'Cause you used to be my lover

Used to be my ace

And now I don't wanna see your face

See, you just reached your expiration date

It's easy to leave when it's not that great

No, no

Chorus: [Anjel]

You hatin' on me

'Cause I'm through

It's a cryin' shame, cryin' shame

Go back to the boy

Come back with some tired game, tired game

You hatin' on me

'Cause I'm through

It's a cryin' shame, cryin' shame

Go back to the boy

Come back with some tired game

Tired, tired game

Verse 2: [Naty]

Cut boy, those childish games

Try better lies 'cause I ain't that lame

If you wasn't happy, should've told me that
Instead of goin' behind my back
I swear it's such a dirty, damn shame
I'm surprised to see you frontin' on me
Takes enough of me to finally see
That you're the type of nigga who be actin' triff'
Think that I don't got a life
I'm gon' pick up my stuff and leave

Bridge

Chorus

Bridge 2: [LaTavia]
Come back when you get some game
Just call me up when you're not so lame, so lame, boy
Come back when you get some game, game
Just call me up when you're not
You're not so lame, so lame

[Anjel]
Ooh, ooh, ooh, ooh, ooh, ooh
Ooh, ooh, ooh, ooh, ooh, ooh
Ooh, ooh, ooh

Bridge

Chorus X2
