Verse 1: [LaTavia]

When we first met I thought that I
Had me some friends that I would die for
I never thought that y'all would do me this way
But y'all ain't even have enough love
Or enough good taste
If you wanted us out
You could tell us to our face, yeah
One day, just tell me
What happened to us?

Verse B: [LaTavia & LeToya]

We used to be the best of friends
Thought that we would be together 'til the end
Ten more years and the time we spent
Was nothing but a lie
Funny how I thought it was my destiny
Flippin' channels on TV
Readin' things you couldn't even say to me
Tryin' to bring me down and get the best of me
I'm gonna put it all behind me
Not gonna let you crowd me
I'm movin' on

Chorus: [LaTavia & LeToya]

Time heals my wounds
'Cause I do
Think that it's true
'Cause lately
I ain't mad at you
Everybody does what they gotta do
You did what you had to do
Time heal my wounds (time heals my wounds)
So now I
Got my own life, too
And I just
Forgave everything you did to me
Life is much too short to be holding on to hurt

Verse 2: [LeToya]

I was sitting at home, watching TV

Got the new world premeire from Destiny
I couldn't believe
What I had just heard
And all the time and work that we
Put into this
Since we were kids
And you just called it quits
We sacrificed like you
We didn't even finish school

Verse B

Chorus

Bridge: [LaTavia & LeToya]
Time heal my wounds
I'm hangin' with a whole new crew
And I know the Lord brought me through
And I'm praying for you, I'll pray for you
I'll, I'll...
Time heal my wounds
I'm hangin' with a whole new crew
And I know the Lord brought me through
And I'm praying for you, I'll pray for you
I'll, I'll pray for you
I'm moving on

Chorus X2
