Oh oh oh
Oh oh oh oh
Oh oh oh
Oh oh oh oh oh

[Verse 1: LeToya]
Although I'm scared
I'll be loving you
And I know your past
But if our love is true, it won't matter
Not to me
'Cuz you make me feel
Oh so real
And I'm just trying to make it official

[Chorus: Anjel]
I'm officially givin' you
The key to me
So be gentle, real and treat me like
The woman that I am
I'm officially givin' you
The key to me
So be gentle, real and treat me like
The woman that I am, oh hoh

[Verse 2: Tiffany]
Mama said
There ain't nothing like (nothing like)
Loving a man
When the time is right, he will give you
All you need
And he'll make your life complete
I hope that you're ready boy
For this love, love, love

[Chorus: Anjel] (Tiffany)
I'm officially givin' you
The key to me (key to me)
So be gentle, real and treat me like

The woman that I am (the woman that I am)
I'm officially givin' you
The key to me (officially)
So be gentle, real and treat me like
The woman that I am, oh hoh (the woman I know I am)

[Bridge: LeToya]
Oh, here we go again (we go again)
Givin' my feelings
But I don't (oh)
Don't wanna be alone
Boy 'cuz I know
Pain of losing you, this time around
I got a feelin' about you
So I'm officially givin' you the key to me

[Bridge 2: Naty]
I'm officially givin' you the key to me, to me (yeah, no)
So be gentle real and treat me like the lady that I am

[Chorus: Anjel] (Tiffany)
I'm officially givin' you (I'm givin' you)
The key to me (the key to me)
So be gentle, real and treat me like
The woman that I am
I'm officially givin' you
The key to me
So be gentle, real and treat me like
The woman that I am, oh hoh
