[Spoken]

LaTavia: Man, let me tell y'all what happened.

LeToya: Spill it, girl!

LaTavia: Man, I started talkin' to this guy, right... he got this crazy girl.

She came to my house.

Almost had to ball my fist up at her, but I was like:

"hell", you know... "you're better than that"

LeToya: Yeah, you are better than that.

Naty: I told you, why don't you..

LaTavia: So I chilled out

But I almost had to tell that girl, "Don't make me! Don't make me!"

LeToya: Shhh!

Verse 1: [LaTavia]

I can't believe that you came to my house

Talkin' about

What you was gon' do to me

Obviously

You ain't what you say you're about

You runnin' ya mouth

So sellin' wolf tickets

Before somebody cash it

So if you pass me

Don't ask me

Nothin' 'bout him

Don't even speak to me

I know a beat like this gon' make you clap

But a broad like you might make me snap

Chorus: [Anjel]

So, what, you mad

'Cause he kicked you to the cizurb?

You bringin' drama to my home

That's absiderd

You must be trippin', must be sippin'

On that syzyroup

I wanna say is, "Don't make me get my..."

Chorus: [Anjel]

So, what, you mad
'Cause he kicked you to the cizurb?
You bringin' drama to my home
That's absiderd
You must be trippin', must be sippin'
On that syzyroup
I wanna say is, "Don't make me get my..."

Verse 2: [LeToya]
Normally I wouldn't even entertain this
A lady should never have to ball up her fists
But comin' to my house really got me twisted
It might be the worst thing that you ever did
So, just try me, if you want to
That man don't even want you
So keep on bawkin'
Chicken head, keep walkin'
Next time we meet
They're won't be no talkin'

Chorus: [Anjel]
So, what, you mad
'Cause he kicked you to the cizurb?
You bringin' drama to my home
That's absiderd
You must be trippin', must be sippin'
On that syzyroup
I wanna say is, "Don't make me get my..."

Chorus: [Anjel]
So, what, you mad
'Cause he kicked you to the cizurb?
You bringin' drama to my home
That's absiderd
You must be trippin', must be sippin'
On that syzyroup
I wanna say is, "Don't make me get my..."

Bridge: [LeToya & LaTavia]
Don't make me
Act a fool
'Cause you know if I get caught
Then my girls will too
So don't make me
Come around
Have to put it down, down
Don't make me
Act a fool
'Cause you know if I get caught
Then my girls will too
So don't make me

Come around
And have to put it down, down, down

Rap: [Naty]
Uh, so what you sprayin' that you think
My man gon' leave all this
What you sippin', got you trippin'
He addicted to this
I'm from the mental chicken
So watch what you be spittin'
Girl I see you failed to notice
That there is no competition
El es mi propiedad
Eso no va a cambiar
He is my property
I got my girls on the left
And my boys on the right
So what's it gonna be?
Tengo mi chicas y amigos a mi alrededor
So no te pongas guapita nena por favor
Leave the drama for your mama
No me haga repetir
Girl, don't make me!

Chorus: [Anjel]
So, what, you mad
'Cause he kicked you to the cizurb?
You bringin' drama to my home
That's absiderd
You must be trippin', must be sippin'
On that syzyroup
I wanna say is, "Don't make me get my..."

Chorus: [Anjel]
So, what, you mad
'Cause he kicked you to the cizurb?
