Although loneliness has always been a friend of mine

I'm leaving my life in your hands

People say I'm crazy and that I am blind

Risking it all in a glance

How you got me blind is still a mystery

I can't get you out of my head

Don't care what is written in your history

As long as you're here with me

I don't care who you are

Where you're from

What you did

As long as you love me

Who you are

Where you're from

Don't care what you did

As long as you love me

Every little thing that you have said and done

Feels like it's deep within me

Doesn't really matter if you're on the run

It seems like we're meant to be

Â

I don't care who you are
Where you're from
What you did
As long as you love me
Who you are
Where you're from
Don't care what you did
As long as you love me
I've tried to hide it so that no one knows
But I guess it shows
When you look into my eyes
What you did and where you're coming from
I don't care, as long as you love me, baby.
I don't care who you are
Where you're from
What you did
As long as you love me
Who you are
Where you're from
Don't care what you did
As long as you love me
