Hopeless  
Betrayed  
It's like she doesn't exist at all  
And no one hears her calls  
No one ever

Her hair brushes her soft face  
As the wind blows with pace  
Swinging gently on the swing  
Hopeless, betrayed

The sun is shining and  
She can't deny it that she's lonely  
The shadow's hiding and  
She won't bother standing  
To see if the shadow's still there  
But it's gone  
She never noticed it  
It's gone  
It's gone

Back when she was 14  
She had a private dream  
Of being somebody's girl  
Yeah

But he didn't talk to her  
He just smiled at her and looked away  
And she sat back in wonder  
If that smile meant something he couldn't say

The sun is shining and  
She can't deny it that she's lonely  
The shadow's hiding and  
She won't bother standing  
To see if the shadow's still there  
But it's gone  
She never noticed it  
It's gone  
It's gone

(Instrumental)

Do you know that girl  
Who used to swing in there  
A long time ago

The rain is pouring and  
They can't deny what they did to her  
They didn't bother checking at her  
If she was still there  
But she's gone  
They never noticed her  
She's gone  
She's gone

She's gone
