I walked around
And through the empty halls
I could hear the sound
Echoing a call
Of a love so strong
That gently slipped away
Now there's no one left to hold today
You know what they say

When your heart is bleeding it'll heal in time
But what if I myself am guilty of the crime?
'Coz I see

I didn't realize I had it all
Instead I chose to take a fall
Now it's all the same
And I've me to blame
Now I'm left alone with my shame
Left with all my shame

Painful whispers
Shouting in my head
Things that were bright yellow
Are now black instead

I had a secret meeting with a strange desire
I couldn't get enough it only took me higher
Now I see

I didn't realize they had it all
Instead I chose to take a fall
Now it's all the same
And I've me to blame
Now I'm left alone with my shame
Left with all my shame

The picture of us on the window seal
It's not replaced with dust
And your fingerprints are gone
And now loneliness is friend of mine

I didn't realize they had it all

Instead I chose to take a fall
Now it's all the same
And I've me to blame
Now I'm left alone with my shame
Left with all my shame
My shame
