You've got my mind spinning like crazy
I'm in a dirty mood and I can't change it
Let's take a chance we wont break it
Boy

Hey now you have got me feeling
Crazy in love I can't believe it
Is this real or am I dreaming
Boy

You got my world spinning round and round
I'm ready to give myself to what we found

There's something about you boy
That's making me, making me want some more
There's something about you boy
You breaking me, shaking me that's for sure

The first time I saw you at the dance floor
I felt a rush in my heart like never before
I knew right then that I wanted more
Hey now, I'm lost within your voodoo
We've got a connection that is so true
This is real and I'm not dreaming
Boy

You got my world spinning round and round
I'm ready to give myself to what we found

There's something about you boy
That's making me, making me want some more
There's something about you boy
You breaking me, shaking me that's for sure

Hanging at the clubs all night
We be banging down the walls if we do it right
So come on move a little closer to me you know how
Cause there's something about you

There's something about you boy
That's making me, making me want some more
There's something about you boy
You breaking me, shaking me that's for sure

There's something about you boy
There's something about you boy
