Hey you, your moves are real smooth  
You've got style and you think you're cool  
Hey you, your world revolves around you  
But can't you see you're only singing my tunes

Hey you, you laugh at my jokes  
But you can't even tell who they are on  
The love you see in my eyes  
Is just a reflection of your own

refrain:  
No matter what you say  
No matter what you do  
No matter how you play  
No matter how you woo  
You won't get me  
Because you don't get me  
At all

Hey you, when you open your mouth  
You're a true master of platitudes  
Hey you, your feeble words won't fool me  
'Cause I am a girl with an attitude

Hey you, you've shown me all you got (it's not a lot!)  
Trust me, I've seen more than enough, please  
Do yourself a favour, vanish  
Before the times get rough

refrain

Take a look in the mirror and what do you see  
Is the face staring back really worthy of me  
Well, I've got news for you, boy  
Yeah, I've got news for you, boy  
I will never ever be your toy

refrain
