Strange things on the ocean floor
Down where there is no light
No complications, just a simple kind of life

Let's swim in night time
Hard to know where I stand
With two feet on dry land
As treacherous as snakes in shifting sands

If you're looking for answers
If you're looking, don't look here
Don't look here

If you're looking for answers
If you're looking, don't look here
Don't look here

I know,
I'm guaranteed to be watching
I'm guaranteed to be waiting
For something to change

Strange things never seen before
Locked rooms and silence
Bombs in the night and stories that we tell the children
A clear glass divine
No way to cross the line
They swim forever while I'm going out to watch the sea
come in

If you're looking for answers
If you're looking, don't look here
Don't look here

If you're looking for answers
If you're looking, don't look here
Don't look here

I know,
I'm guaranteed to be watching
I'm guaranteed to be waiting
For something to change

I know,
I'm guaranteed to be watching
I'm guaranteed to be waiting
For something to change

This ship sailed as far as it can x 5

If you're looking for answers
If you're looking, don't look here
Don't look here

If you're looking for answers
If you're looking, don't look here
Don't look here

I know,
I'm guaranteed to be watching
I'm guaranteed to be waiting
For something to change

I know,
I'm guaranteed to be watching
I'm guaranteed to be waiting
For something to change

What does it feel like to be something, to be something

We could never know x a few
