Can't fight, there's no escaping the facts
I tried to help but I failed
To solve the problems
So much for good intentions

I want my wasted hours back
And I want my head to clear
And I have this bad taste in my mouth
From late nights and bad films

Get up, recover
?Cause you'll never dance again
Get up, recover
?Cause you'll never dance again

I'm drip fed these pictures
And now my words abandon me
The fraction that still me
Says this life's not all it could be

Now did you catch what I said?
Did you catch what I said?
One by one my ideas fade
And there's nothing left to say

Get up, recover
?Cause you'll never dance again
Get up, recover
?Cause you'll never dance again

Get up and recover
?Cause you'll never dance again
Get up and recover
?Cause you'll never dance again

Can't fight, decide a future
Let's dance, you're so robotic
Time's up, refill the meter
This disappointment's so electric

Can't fight, decide a future
Let's dance, you're so robotic

Time's up, refill the meter
This disappointment's so electric

Get up, recover
?Cause you'll never dance again
Get up, recover
?Cause you'll never dance again

Get up, recover
?Cause you'll never dance again
Get up, recover
?Cause you'll never dance again
